

4/22/17

FeedEx Challenge

Three types of Gears:

Big	Medium	Small	(thickness)
			0.25 in
D=2 in	D=1 in	D=0.5 in	

Goal: kids use different sized gears to try and knock the dominoes off the ledges. They win by knocking all the dominoes down. Ledges can be moved around to make combinations of different difficulty.

How to play:

- 1) Put the ledges on the pegboard. (anywhere is fine).
- 2) Put dominoes on the ledges.
- 3) Place the different sized gears on the pegboard using toothpicks. Make sure the gears begin at the starting point.
- 4) Turn the handle and try to knock all the dominoes down.
